PURPOSE OF EXAM

TrueSight Orchestration is an IT process automation solution that allows IT to create workflows across applications, platforms, and tools to orchestrate critical activities such as event remediation, compliance, security and service desk automation across the organization.

The BMC Certified Associate: TrueSight Orchestration 20.x for Developers Online Exam will validate the technical competencies needed to successfully deploy, operate and administer out-of-the-box (OOTB) baseline functionality for TrueSight Orchestration.

Skills Tested

Participants will be tested on their knowledge of the following:

» Working with TrueSight Orchestration Adapters, Modules and Workflows
» Identifying TrueSight Orchestration Architecture
» Using the TrueSight Orchestration Debugger Tool
» Using the TrueSight Orchestration Transform Editor
» Creating TrueSight Orchestration Schedules
» Addng Compensation within TrueSight Orchestration

For detailed information around these topics, refer to the course abstract(s) for the recommended course(s).
